Saskatchewan Registered Cattle and Horse Brands

Preface

The brands contained in this book have been compiled from the original records kept in the office of the Livestock Branch, Regina. The book includes all brands being registered for the first time, as well as the renewed registrations and transfers, which were in effect at June 27, 2011.

While the greatest care has been taken to ensure accuracy, it is quite possible mistakes may have arisen. Should any errors be found, please report them to the following, so they may be corrected in a future issue of the Brand Book.

Livestock Branch
Walter Scott Building
Room 202, 3085 Albert Street

Although many brand designs appear in this book, not all of them would be acceptable to be registered as new brands under the current regulations.

About This Book

Brand Book Set Up

For the convenience of the user, the Brand Book is separated into four sections, namely:

1. Cattle Brands - Brand, name, address, brand description, position and expiry date;
2. Horse Brands - Brand, name, address, brand description, position and expiry date;
3. Cattle Brand Index - Name, address, page and location number;
4. Horse Brand Index - Name, address, page and location number.

Searching for a Brand

The book is arranged to index the brand under its first letter or number. A brand, of which the first letter is "A", will be found under that letter, while a brand, of which the first character is the number "2", will be found under that numeral. All letters are given first, followed by all numbers. The brand - LL would be found under the letter "L". The brand - 3J would be found under the numeral "3". Single character brands precede two character brands and two character brands precede three character brands.

Brands containing an unclassified design or that begin with the characters plus or cross or a diamond or a flying wing or are over a shelter are listed under "Arbitrary Brands". These appear after the numerals at the back of the cattle and horse sections.

Abbreviations

To condense the contents of the book, the following abbreviations are used:

RS - right shoulder
RR - right rib
RH - right hip
RJ - right jaw

LS - left shoulder
LR - left rib
LH - left hip
LJ - left jaw

Brand Registration Procedures

New Brand Registrations

Application for a registered brand should be made prior to purchasing any branding equipment. This is necessary to ensure that the brand desired is not already allocated or otherwise prohibited.

Although many brand designs appear in this book, not all of them would be acceptable to be registered as new brands under the current regulations. Please refer to the sections on Cattle and Horse Brand Specifications and Components of a Brand Design for guidance on selecting a brand design or position.

Those wishing to register a brand may obtain an Application to Register Brand form from the local Livestock Inspector, a Regional Office or the Livestock Branch, Regina.

Submit the completed application form and prescribed fee to:

Livestock Branch
Room 202, 3085 Albert Street
Regina, Saskatchewan S4S 0B1

Brand Renewals

Brand renewal notices are sent out in November of the year your four-year brand will be expiring. If you wish to continue using this brand, please return the renewal form along with the prescribed fee, or your brand will be cancelled and it will be illegal to continue to use it.

Brand Transfers

A brand can be transferred to another person by using an Application to Transfer Brand form, which can be obtained from your local Livestock Inspector, a Regional Office or the Livestock Branch, Regina. Please submit the form with the appropriate transfer fee to the Livestock Branch, Regina.

Brand Registration Fees

Fees for registration of a new brand:

- \$25.00 to register an approved brand for a four-year term
- \$200.00 to register an approved brand for a lifetime
- \$200.00 to register an approved brand for a corporate lifetime (20 years)

Fees to renew a brand:

- \$25.00 to renew a four-year brand
- \$200.00 to renew a four-year brand as a lifetime or corporate lifetime brand

Fees to transfer a brand (from the present owner to another):

- \$25.00 to transfer a four-year brand
- \$25.00 to transfer a lifetime brand to four-year brand
- \$25.00 to transfer a lifetime brand to remaining registrant(s)
- \$200.00 to transfer a lifetime brand to another person
- \$200.00 to re-register a lifetime brand to another person

No fee is required if you wish to transfer a rib brand to an available hip or shoulder position.

Cattle and Horse Brand Specifications

Cattle Brand Registration Specifications

Brands for use on cattle shall consist of at least two characters, each measuring at least three inches (75 mm) in height and two inches (50 mm) in width when applied to such animals.

Brands for use on cattle may be applied to the shoulder, rib or hip position on either the left or right side of the animal.

The Canadian Cattlemen's Association *Quality Starts Here* program has advised that brands placed on the rib can downgrade the hide value by almost 20 per cent. The Association's suggested brand locations include the hip (as high and as far back as possible) or the shoulder, recognizing that there are other reasons that affect the decision to maintain or register a rib brand. No fee is required if you wish to transfer a rib brand to an available hip or shoulder position.

Horse Brand Registration Specifications

Brands for use on horses shall consist of one or more capital letters of the English alphabet, Arabic numerals or other acceptable characters, or a combination of capital English alphabet letters, Arabic numerals and other characters. They should measure at least two inches (50 mm) in height and one inch (25 mm) in width when applied to such animals.

Brands for use on horses may be applied to the shoulder, hip or jaw position on either the left or right side of the animal.

Reading Brands

Brands are read from top to bottom, left to right. A brand must be applied to the animal in the exact position, and as drawn or described by the computer on the certificate. Brands should be applied as high as possible on the animal.

Errors in Branding

Where the registered owner of a brand has knowledge that the brand has been applied incorrectly to animals owned by that person, the person shall provide, to the Livestock Branch, a Declaration of a Branding Error form describing the branding error.

One copy of the declaration should be retained by the registered brand owner for presentation to the Inspector at the time of inspection or when such animals are offered for sale or are being transported.

All communications concerning errors in branding should be directed to the District Inspection Supervisor or to the Livestock Branch.

Components of a Brand Design

Character Registration Specifications

The following characters are acceptable components of a registered brand design:

- capital letters of the English alphabet, except the letter Q
- Arabic numerals, except the numerals zero and one
- a triangle
- a diamond
- a bar in the horizontal position that is applied above or below any letters or numerals, or, before, after or between the letter(s) or numeral(s)
- a cross or plus
- a flying wing
- a shelter symbol, as prescribed in *The Feeder Associations Loan Guarantee Regulations, 1989*, or *The Breeder Associations Loan Guarantee Regulations, 1991*
- a slash that is applied at a 45 degree angle to the left or right of a letter or numeral
- a quarter circle that is applied above the letters or numerals of a brand with the ends of the arc pointing upward, or, below the letters or numerals of a brand with the arc pointing downward
- a half diamond that is applied above the letters or numerals of a brand with the apex pointing upward, or, below the letters or numerals of a brand with the apex pointing downward.

The capital letters C and E of the English alphabet shall only be registered in the forward position.

The capital letters M and W of the English alphabet are to be registered only in the upright and forward position.

The capital letters F and G of the English alphabet shall only be registered in the reverse position.

Capital English alphabet letters and Arabic numerals applied in the horizontal position are classified as lazy characters.

The capital letters N, I, U and V of the English alphabet cannot be lazy.

The capital letter L of the English alphabet and the Arabic numeral 7 cannot be lazy right.

Additional Identification by Arabic Numerals

The holder of a registered brand may, to facilitate individual animal identification and without registering such numerals, apply one or more Arabic numerals immediately below the registered brand.

Unclassified Brand Designs

An unclassified brand is any brand in which the letters, numerals or characters are joined or enclosed in any manner or that is coded in the special category code.

Upon approval of the minister, an expired, unclassified brand design can be re-registered in the name of the person in whose name the brand design was originally registered, or in the name of a member of that person's immediate family.
